

PADI Digital Underwater Photographer Course

Underwater photography is one of the most popular diving specialties, and the rise of digital underwater photography has made it easier and more fun than ever. The PADI Digital Underwater Photography course at Texas Dive Center gets you going quickly with today's modern digital equipment, whether you use a point-and-shoot snap camera or a sophisticated D-SLR like the pros.

What You Will Learn

At Texas Dive Center you will learn:

- How to choose the right underwater camera system for you
- The PADI SEA method for getting great shots quickly
- The three primary principles for good underwater photos

The E-Learning Alternative

E-learning provides you with a great alternative to traditional SCUBA classes. The class work is completed online at your convenience. This alternative is a great option for busy professionals. Once you complete your e-learning and bring your certificate of completion to Texas Dive Center, you will receive a \$25 gift certificate towards your next purchase.

What Diving Equipment You Will Need

Each diver needs a complete set of SCUBA equipment. Texas Dive Center carries a full line of rental equipment as well as SCUBA gear from premier manufacturers.

Course Price

If you are interested in the PADI Digital Underwater Photographer Specialty Course call Texas Dive Center at 281-741-9949 to discuss prices and schedules.
